#### **General Notes**

Prices vary according to the time of year. The prices listed below, which were checked in December 2013, are for the lowest priced room at that time. It pays to call several places and shop around as well as checking sites such as Expedia, Trip Advisor, Kayak, etc. Some students have used Priceline and gotten good rates but be aware that some of their options may not be close to the venue.

The hotel options listed are within walking distance if you are a good walker. It takes about 20 minutes to walk from the nearest hotel. Transportation to and from the hotel may be provided if you are staying close to the venue—please discuss options with the organizer. You can go to [www.google.com](http://www.google.com) [maps](#) to determine the distance from accommodations to the venue.

Be aware that better prices can usually be had by booking as far in advance as possible. You can always cancel the reservation if something better comes along unless you use the non-refundable option. **Please communicate with the class organizer before booking a non-refundable rate.** Most hotels have discount rates for AAA and some have discounts on the Internet. It is best to call the hotel directly before booking on the internet to compare prices.

You can also look for accommodations on [www.airbnb.com](http://www.airbnb.com) but you will need to arrange your own transportation.
