#### **General Notes**

Prices vary according to the time of year (high season rates reflected below). It pays to call several places and shop around.

You can go to [www.google.com/maps](http://www.google.com/maps) to determine the distance from accommodations to the venue. All the hotels listed are near the Arizona Mills Mall, which has restaurants, a food court, movie theatres—including an IMAX—and, of course, shops.

Be aware that better prices can usually be had by booking as far in advance as possible. You can always cancel the reservation if something better comes along unless you use the non-refundable option. **Please communicate with the class organizer before booking a non-refundable rate.** Most hotels have discount rates for AAA and some have discounts on the Internet. It is best to call the hotel directly before booking on the internet to **compare prices**. Orbiz, Priceline, Expedia, Kayak and similar discount sites may have better rates than the hotels online option. This is not a residential area, but you may find something suitable at [www.airbnb.com](http://www.airbnb.com), particularly if you are driving.
